

# Types of viruses, coughs, and colds

Here is  
a line break

I don't have Brain Canceror the hiccups

## See Table 1

## Below.

### Common Ailments

Table 1: Infectious diseases and where to find them.

Disease	Location	Year
Polio and BC546 is –55OC cold.	-Dublin to Milwaukee	2001
I don't like TIPL761 or Chicken Pox or pizza. Shingles is also bad.	whooping cough	2009
Scurvy	Annapolis Junction and Storage Temperature –55 to 150 o ? C	

In between the tables there is a nasty case of heart attack

Table 2: Three ways to get  
Pneumonia and how much they cost.

Problem	Cause	Cost
Arthritis	Pokemon Go	Free
YellowFever	Unicorns	\$17.75
Hypochondria	Fear	\$100

And here is a final sentence with warts.
