Homepage

Homepage will consist of single page, which consist of different user inputs and the single button that will either lead user to submit page or error page.

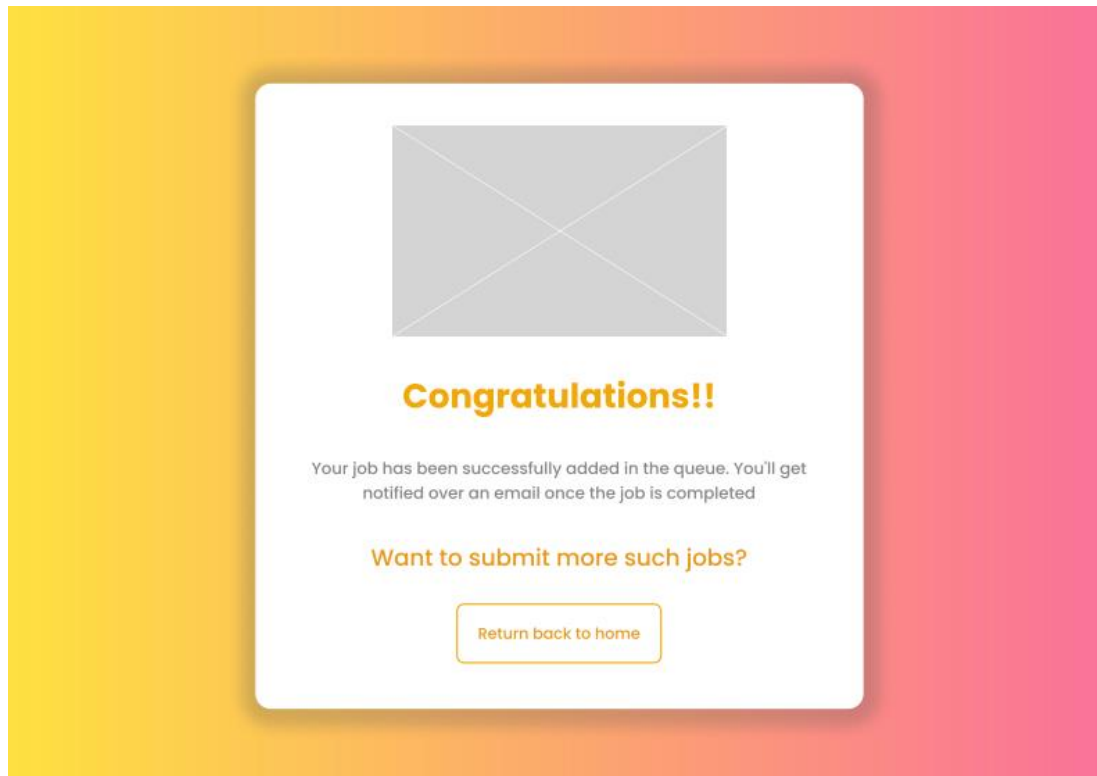

The image shows a mockup of a homepage form. The form is white and centered on a background with a blue-to-purple gradient. At the top of the form is a large gray rectangle with a white 'X' over it, indicating a placeholder for a logo or image. Below this are several input fields: a 'Search Query' field with the placeholder text 'Enter the Search Query', a 'Date' field with the placeholder text 'dd-mm-yy', a 'Time' field with the placeholder text '--:--', an 'Email' field with the placeholder text 'Enter your Email', and a 'Number of Images' field. At the bottom of the form is a blue 'Submit' button.

User has to enter all the inputs in order to see either of the two pages.

Job Submitted

If the user query satisfies all the requirement, then query get submitted and the job submitted page will be shown. Single button will be present to let user again submit the job if he/she wants

Error

If there are any error occurs while submitting the job i.e. If user enters incorrect date and time, then user will be treated with the Error page. Single button will be present to let user again submit the job if he/she wants.
