

Caution

I am not responsible for any loss happened from your side. it's free license for education purposes uses only!

Don't ever do too many requests.

Turn on Vpn & use a fake account to fetch all information you want.

Instagram will catch you quickly to ban your account too, so better to create fake accounts.

Don't mess with codes

Kindly never share your sessionid to anyone unless you know the person.

Highly recommended never scrape from your own accounts !!! It's will banned within few minutes, you can't get your account back anymore

Make sure your ip address were change dynamically, but not a static one..okey

Please clear your cookies in browser twice a days.
